

The Premier Full-Text Information Resource  
for Engineering Research & Practice

# Engineering Source

Designed for engineering professionals and researchers of all types, *Engineering Source* is the premier dedicated collection of engineering-related content available today.

This database provides unmatched full-text coverage of information relevant to many engineering disciplines, including:

- Aerospace
- Biomedical
- Civil
- Electrical
- Environmental
- Mechanical
- Software
- Structural
- And many more...

Cover-to-cover indexing for over **1,400** full-text titles
