

# Introducing EBSCO's

## Non-Patent Prior Art Source

The most comprehensive index of science, technical, medical and business content available all in one place.

Non-Patent Prior Art Source is ideal for:

- intellectual property managers
- patent attorneys
- patent examiners

The screenshot shows a search results page for the query "PAINT OR GRAFFITI OR GRAFFITI OR GRAFFITI". The interface includes a search bar, filters, and a list of results. Three callout boxes highlight specific features:

- Displays results based on relevancy:** A callout box pointing to the search results list.
- Allows users to refine search by date:** A callout box pointing to the "Date Published from" filter set to 1926-2010.
- Enables users to identify document type:** A callout box pointing to the "Source Types" filter on the left sidebar.
- Print/Email/Export feature allows for easy distribution throughout the organization:** A callout box pointing to the "Add to folder" and "Request this item through interlibrary loan" options for a search result.

This innovative product makes it easy to search non-patent literature for prior art. It provides a comprehensive, highly-relevant index of non-patent literature with links to millions of full-text articles and extensive backfiles dating as far back as 1885. The content is organized in a manner that makes it fast and easy to find prior art for defending intellectual property and increasing application approval.
